

PRESS RELEASE

Aosta, Monday, February 24th 2020

**Coronavirus emergency
ALL EXAMINATIONS TEST NEGATIVELY**

The Regional Government of the Autonomous Region of Valle d'Aosta, through its crisis response team created by the Regional Civil Protection Agency and comprised of the Regional Health Agency and Central Emergency Services, is monitoring the Coronavirus emergency in the region and coordinating accordingly. The government communicates that it has received the results of the health screenings of individuals who reported potential symptoms of the virus, and all examinations have tested negatively.

At the moment there are no cases, nor suspicion of cases, of Coronavirus in the Valle d'Aosta.
